To whom it may concern

I hereby attest that the paper “*AXON. A Selection of Greek Historical Inscriptions. A Database for Research and Teaching*” by Stefania de Vidio, Ivan Matjašič and Silvia Palazzo has been peer reviewed and accepted for publication in the volume “*Digital and Traditional Epigraphy in Context. Proceedings of the Second EAGLE International Conference. Rome 27-29 January 2016*” edited by Silvia Orlandi, Raffaella Santucci, Francesco Mambrini and Pietro Liuzzo. The volume is due to be published by Sapienza Università Editrice by the end of March 2016.
